### Our location

A pulsating, cosmopolitan historical city with a lot of charisma, definitely worth a visit: that's Baden. It is a great find if you are fond of culture; it is as well a shopper's delight; and it offers a swinging nightlife in a wide range of clubs, bars and restaurants for every taste. Nature is only a stroll away: elegant parks, numerous kilometers of hiking trails with stunning vista points, the soft splashing of the Limmat river, even vineyards and hot springs. The Romans were the first to know why they wanted to settle here: because Baden has it all, whether you are here for business or pleasure.

Take a stroll in downtown Baden, do business in the center or the outskirts. Many international corporations have chosen Baden as a superbly convenient location for both Switzerland and Europe. It takes you less than half an hour to get to Zurich, and only fifteen minutes more to the international hub of Zurich airport.
